

DELTA WAVE'S IRIDIUM FIELD DEPLOYMENT UNIT (FDU)

Delta Wave's Iridium Field Deployment Unit (FDU) is designed for quick and easy deployment. It is a turnkey package, which incorporates the ASE Docking Station along with all components necessary for quick and easy deployment; all contained in a watertight Pelican 1450 case for ease of shipment and transport.

Use your 9505A Iridium satellite phone indoors and outdoors. Just dock your Iridium phone in our kit and you can use satellite communications with standard analog phone sets. Bulkheaded connections provide ability to deploy the unit within minutes. Never be out of touch again! (If we supply the 9505A, it comes with all standard 9505A accessories such as the coax adapter, magnetic vehicular mount antenna, DC cigarette lighter adapter, AC charger with international plug kit, leather holster and manual.)

Features and Equipment

- **RJ11 Connect** - Connects to an analog phone (single or PBX) including multi-handset wireless phones .
- **Hands-Free Connect** - Headset/microphone jack offers audio enhancement circuitry to provide excellent quality.
- **RS232 Data Port Connect** – DB RS232 port for data connections.
- **6' Data Cable** – For connection to PC's with DB9 RS232 Ports, or USB-Serial Port Adapters.
- **30' Coax Cable** - Sufficient for most field deployments, and vessel installations.
- **External Omnidirectional Antenna** – Field proven in marine environments. No moving parts, and very reliable.
- **110/220VAC Power Adapter**

Advanced Features

- **Employee /Crew Call Logging.** Configurable to require a pre -assigned 5-digit ID code to activate calls . Automatic logging avoids the need for calling cards .
- **"Smart Dialing."** The Docking Station knows the correct format for the country that is being dialed and places the call once the number is entered. Smart Dialing eliminates the superfluous "00" IDD code (no more international dialing sequence) .
- **Simple Operation.** The Docking Station combines clear LED status lights with the Iridium handset's graphical display for setup, trouble shooting, programming, and operation.
- **Base Station Ringer.** Audible ringing to alert of incoming calls .

SUGGESTED RETAIL PRICING

Without 9505A
Standard Price: \$2,695.00

With 9505A (all standard accessories included)
Standard Price: \$4,090.00
